Candidate concepts

Data Quality Program Peter 28/2: Ja

Data Entry Process Peter 28/2: Ja

Data Quality Service Level Agreement Peter 28/2: Ja

Data Profiling - I mentioned this in an earlier email. It is on the DQMS overview Peter 28/3: Data analytics van Laurens komt in het DQMS ipv data profiling. Maar een pagina over data profiling is ook OK natuurlijk.

Incident Tracking System - it occurs in the Data Issues factsheet Peter 28/2: Ja

Data Cleansing Methods - occurs in Data Cleansing factsheet Peter 28/2: Ja

Business Rule - relates to Data Quality Rule I think Zie http://knowledgemanagement.wiki/index.php?title=Business_rule

Database or Application - I would split this in two separate concepts Peter 28/3: Mee eens: splitsen.

Data Security Peter 28/2: Zeker

Data Deliver Agreement - I have come across this in the banking sector Peter 28/3: Ik zie de term Data contract vaak op LinkedIn.

Data Quality Team Peter 28/2: Ja
