Certified data management professional

Definition

Certified data management professional is a person who succesfully successfully pass the CDMP exam.

Notes

The Certified Data Management Professional (CDMP) is the current most relevant Data Management Certification. It's a certification published and managed by DAMA International.

There are currently four certification levels[1]:

- CDMP Associate
- CDMP Practitioner
- CDMP Master
- CDMP Fellow

The first level only requires the Data Management Fundamentals exam at a 60% pass, the higher levels increasingly a higher pass and specialist exams that focus on specific subjects.
