

Awareness

Definition

Awareness is the knowledge and understanding that something is happening or exists.

Notes

- Awareness is attained when people understand their responsibilities and how their actions contribute to the achievement of the organisation’s objectives.
- Awareness and knowledge are also used interchangeably, whereas in training & development, these are considered as categories or labels for proficiency, each with their own specific levels for proficiency.

Relation(s)

Awareness	is supertype of	awareness of data quality
Awareness	is a characteristic of a	person
