

# Goal

## Definition

A goal is a short statement of the desired outcome to be accomplished over a long time frame.

## Note

The timeframe is usually three to five years. It is a broad statement that focuses on the desired results and does not describe the methods used to get the intended outcome.

## Examples

- Maximizing profits
- Growing revenues
- Increasing efficiency
- Providing excellent customer service
- Becoming an industry leader
- Creating a brand
- Becoming carbon-neutral

## Reference

Indeed. Difference between goals and objectives.
